

# ISO 14001: 2004 Environmental Management System Lead Auditor Programme IRCA Certified Course #A17036

BUREAU  
VERITAS

NIST Institute, the leading course provider in Health and Safety functions in India and Middle East, in association with Bureau Veritas, a global leader in conformity assessment and certification services, conducts IRCA, UK approved and internationally recognized regular Lead Auditor Programme for ISO 14001 Environmental Management System.

## Bureau Veritas

As an independent certification body, Bureau Veritas Certification provides a full range of certification and auditing services. Bureau Veritas' goal is to validate the conformity of management systems and processes of all kinds of organizations. We conduct audits against recognized standards, which may include customer specific requirements, in the fields of Quality, Health & Safety, Environment, and Social Responsibility.

## Why choose IRCA?

The International Register of Certificated Auditors (IRCA) is the world's original and largest international auditor certification body. IRCA approved training organizations offer certified training courses based on a wide range of management systems standards and industry sectors. IRCA certified training can help a candidate to demonstrate his/her competence as an auditor and go on to achieve professional recognition as an IRCA certified lead auditor.
